Andrea Grützner

*1984, Pirna, Germany

Andrea Grützner's artistic work deals with the emotional and visual perception of spaces. She seeks the familiar and at the same time unfamiliar, asks questions about the memory of places and our orientation in the designed space. Using mostly photographic means, she finds and creates images as well as objects that oscillate between photography, painting and collage. She explores questions of documentary, surreal, abstraction and visual irritation. After studying communication design in Constance, Andrea Grützner (*1984, Pirna, Germany), completed her master's degree in photography at Bielefeld University of Applied Sciences. She has received several awards and scholarships and has been exhibited in Australia, Brazil, Mexico, USA, China and South Korea, among others. Andrea Grützner currently lives and works in Berlin.
